KEY ACHIEVEMENTS

Franchise Network Scale
Support marketing, technology, and franchise enablement initiatives across 40+ independently operated franchise organizations and 76 territories throughout North America.

Revenue Operations
Support franchise sales and corporate business-development systems associated with 1,247 opportunities created since 2023, 293 closed-won opportunities, and $2M+ in annual closed-won opportunities.

CRM Architecture
Direct HubSpot CRM and revenue operations infrastructure supporting 22,628+ historical records, 4,231 active lead records, 3,000+ commercial opportunities, and 3,414 verified commercial contacts.

Mobile App Launch
Built and launched a franchise mobile application for iOS and Android supporting 40+ active users with training, communications, operational resources, and marketing support tools.

AI Adoption
Led AI adoption initiatives including workflow automation, reporting systems, privacy/compliance auditing, content operations, Answer Engine Optimization (AEO), and business intelligence support.

EDUCATION

SUMMARY

Growth-focused executive with progressive leadership experience across marketing, operations, technology, franchise support, CRM architecture, sales enablement, and digital transformation. Advanced from Logistics Manager to Vice President of Marketing at SaniGLAZE International by building scalable systems that support franchise growth, improve organizational performance, and strengthen revenue operations across a North American franchise network. Currently responsible for corporate marketing strategy supporting more than 40 independently operated franchise businesses across 76 territories throughout the United States and Canada.

EXPERIENCE

SaniGLAZE International — **Jacksonville, FL**

Vice President of Marketing — **January 2023 – Present**

- Lead corporate marketing, franchise enablement, technology initiatives, revenue operations, and digital transformation for a North American commercial services franchise organization.
- Provide strategic support to franchise members, sales representatives, national account managers, operations personnel, and executive leadership.
- Maintain corporate websites, hosted content, digital assets, HubSpot CRM/CMS systems, automation, reporting, and lead-management workflows.
- Created sales tools that identify facilities based on size, budget, industry, and opportunity profile through UI-based mapping and market intelligence workflows.
- Built a live media asset library for SaniGLAZE franchise members, centralizing access to photos, videos, sales resources, digital collateral, and branded content.
- Developed a custom privacy compliance auditing program to identify tracking, consent, and regulatory-risk issues across corporate web properties.
- Created digital and printed marketing assets including brochures, trade show materials, conference t-shirts, sales tools, presentations, and branded collateral.

Sales & Marketing Manager — **October 2021 – January 2023**

- Directed sales and marketing initiatives supporting franchise growth, corporate lead generation, CRM adoption, and revenue support.
- Developed marketing campaigns, sales tools, educational resources, and business-development support systems for franchise operators and corporate objectives.
- Improved coordination between corporate marketing, franchise owners, sales representatives, and operations personnel.

Logistics Manager — **August 2017 – October 2021**

- Managed HAZMAT logistics, transportation compliance, inventory systems, operational reporting, and safety processes.
- Led compliance training and developed operational reporting systems supporting safer, more efficient materials handling and transportation workflows.

Bachelor of Business Administration (BBA)
University of North Florida
Focus: Supply Chain Management, Marketing, Business Writing, Management Information Systems (MIS).
